

TP-200, TP-300 & TP-350

SHRINK WRAPPING

Productivity. For some, it means higher throughput. For others, it means lower operating costs. At Felins, it means providing you with bundling solutions that help you exceed all of your end-of-line production goals. That's why we offer fully automated laundry wrapping systems. From hand towels and napkins to tablecloths and sheets, our TP automation systems are the perfect solutions for laundry bundle wrapping.

OPERATIONAL EFFICIENCY

The most robust fully automatic laundry bundling systems on the planet, the TP-200, TP-300 and TP-350 are capable of shrink wrapping bundles of varying size and material while optimizing your productivity and keeping PPOH at an all-time high.

A FEW HIGHLIGHTS

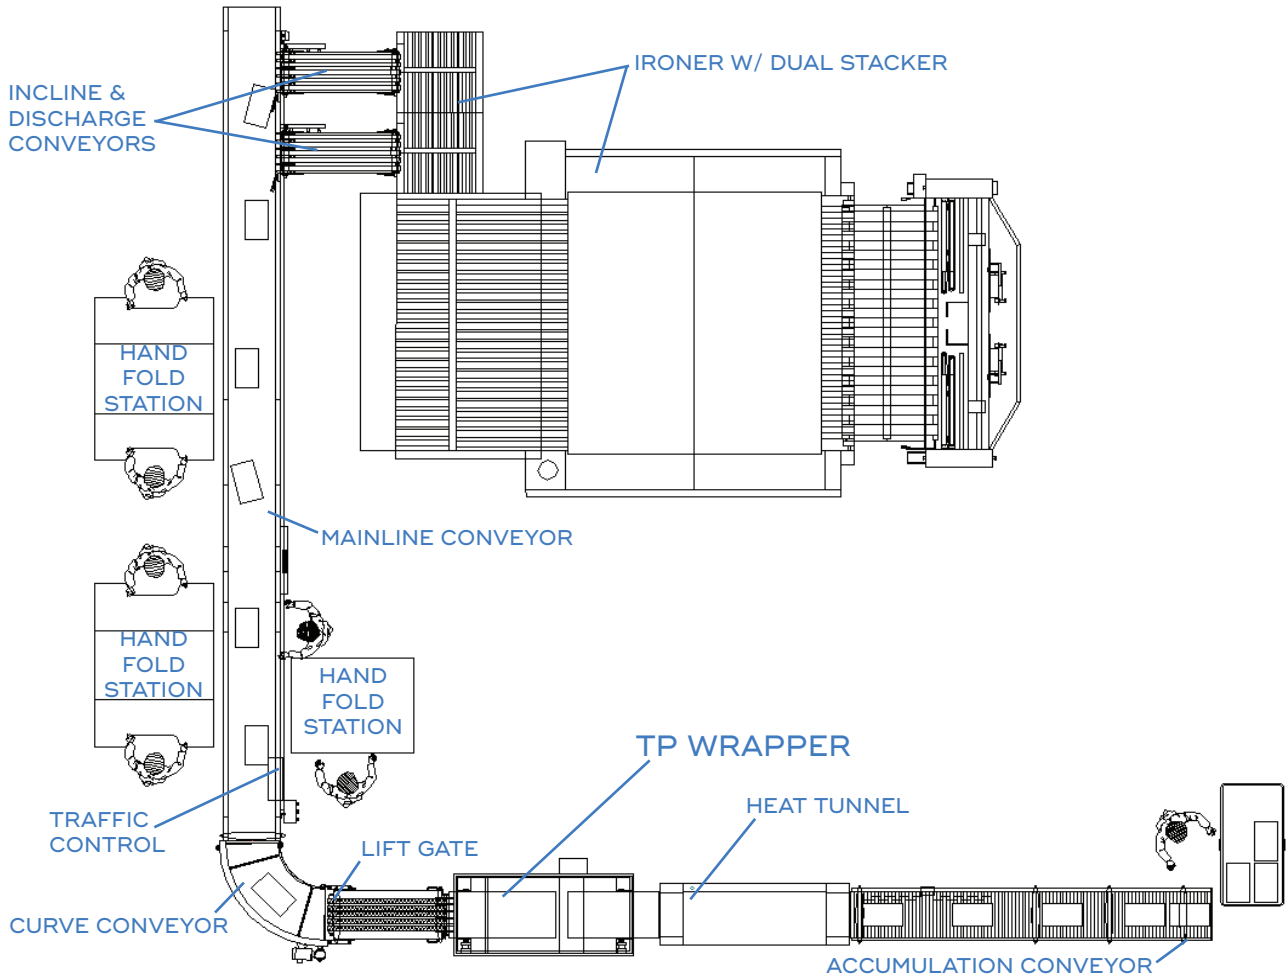

- No labor required between folding & pack-out
- Can replace 3-4 manual wrapping stations
- Designed and built in the US
- World-class technical service post-sale
- Custom laundry films available

A FELINS PARTNERSHIP

At Felins, we pride ourselves on developing strong partnerships with our customers. From inquiry to installation and training to preventative maintenance services, we'll help you find a custom solution that best optimizes your operations and minimizes packaging waste.

After all, we're inspired to create innovative alternatives because every packaging decision should help, not hurt, our planet.
